

Jury Active House Awards 2022

You have until 15th March 2022 to send your application for the Active House Awards. The Award Ceremony will take place during the 2022 Symposium, organized by Active House Alliance Netherlands at De Doelen, Rotterdam on April 13th, 2022.

This years jury:

Marco Imperadori, Professor, Politecnico di Milano, Italy. Owner of the chair of Technological Design and Innovation and Rector's Deputy for internationalization programs.

Marianna Rotilio earned her Ph.D. in EU Building-Architectural Engineering in 2011 and currently working as senior researcher at the Department of Civil, Construction-Architecture, Environmental Engineering of the University of L'Aquila, Italy.

Toshiki Hirano, is an architectural designer based in Tokyo and he serves as Co-Director of the SEKISUI HOUSE – KUMA LAB at the University of Tokyo. Hirano holds a Bachelor's degree from Kyoto University and received his Master of Architecture degree from Princeton University, where he was awarded the Suzanne Kolarik Underwood Prize.

Jette Birkeskov Mogensen, Associate Partner and Office Director in Aarhus studio of Schmidt Hammer Lassen Architects, and since 2016 member of Active House Board of Advisory Committee. She has over 20 years of experience working in the professional field of architecture with an international profile and sustainable design focus.

Mauro Franzoni, an Architect, is the Director of Architecture for Great Gulf Residential, Manager of Low & Midrise Architectural Team and principal Active House designer.

Dr.-Ing. Chong Liu is the professor and deputy dean at College of Architecture and Urban Planning, Qingdao University of Technology, and member of Active House Academic Committee of China.

Anne Struiksmá, consultant of Sustainability & Circularity in the Built Environment at Nieman Raadgevende Ingenieurs, and board member of Active House-Netherlands. Anne wants to help make circular building dreams come true. By being creative, an out-of-the-box thinker, yet practical, she translates different ideas into integral building concepts and understanding between different specialists, people.
